Dear Mr. Kolb:

On behalf of the McGuinty Government, I would like to take this opportunity to express my gratitude for your work in promoting and supporting health and wellness in Ontario.

I am very pleased to inform you that the Ministry of Health Promotion and Sport has approved one-time funding up to $34,000 to the Regional Municipality of Peel for the Healthy Communities Partnership project for the period of October 1, 2010 to March 31, 2011. This funding is conditional upon the Regional Municipality of Peel entering into a grant funding agreement with the ministry.

Like you, our government recognizes the importance of promoting healthy living and wellbeing, as well as contributing to the sustainability of our publicly funded health care system. We envision an Ontario where everyone has an opportunity to acquire lifelong healthy living habits.

Even in times of considerable fiscal constraint, our government continues to make significant investments to support health promotion in Ontario.

I commend the Regional Municipality of Peel for your contribution to health promotion. As a key partner, your work builds on our efforts to facilitate initiatives, educate and motivate Ontarians to lead healthy lives. By working together to foster a positive culture of health and wellbeing in Ontario, we are laying an important foundation for healthy future generations.

Thank you for all that you do to promote healthy living in Ontario.

Sincerely,

Margarett Best
Minister
