777 Bay Street, 2nd Floor
Toronto, ON M5G 2E5

Dear Ms. von Kursell:

Re: Growing the Greenbelt
Clerk's File: EC.11.GREENBELT

For your information, this advises that at its meeting on April 6, 2010, Mississauga's Environmental Advisory Committee considered a motion put by its Citizen Member Peter Orphanos seeking direction to review the feasibility of designating city-owned lands and Credit Valley Conservation lands as part of the Provincial Greenbelt.

The resultant recommendation of the Environmental Advisory Committee was approved by Mississauga's General Committee of Council on April 21, and subsequently adopted by Mississauga City Council on April 28, 2010, as follows:

GC-0288-2010

1. That City Council support, in principle, the addition of public lands in the Credit River Valley to the Provincial Greenbelt to ensure these valuable lands are preserved and protected.

2. That prior to requesting the Region to make application to the Province of Ontario for Growing the Greenbelt, staff, in consultation with the Region of Peel and Credit Valley Conservation (CVC), carry out a feasibility analysis of Growing the Greenbelt and report back to the Environmental Advisory Committee; and the report should specifically include:

   a. the location of City and CVC owned lands within the Credit River valley in the City of Mississauga that may be suitable for Provincial Greenbelt designation; and

   b. an analysis of the implications of the Provincial Greenbelt designation for City and CVC owned lands with respect to recreational uses, facilities and infrastructure.
