Novel coronavirus (COVID-19)
How to self-isolate

Follow the advice that you have received from your health care provider.
If you have questions, or you start to feel worse, contact your health care provider, Telehealth (1-866-797-0000) or Peel Public Health at 905-799-7700.

Stay home
- Do not use public transportation, taxis or rideshares.
- Do not go to work, school or other public places.
- Your health care provider or public health unit will tell you when it is safe to leave.

Limit the number of visitors in your home
- Only have visitors who you must see and keep the visits short.
- Keep away from seniors and people with chronic medical conditions (e.g. diabetes, lung problems, immune deficiency).

Avoid contact with others
- Stay in a separate room away from other people in your home as much as possible and use a separate bathroom if you have one.
- Make sure that shared rooms have good airflow (e.g. open windows).

Keep a distance
- If you are in a room with other people, keep a distance of at least 2 metres and wear a mask that covers your nose and mouth.
- If you cannot wear a mask, people should wear a mask when they are in the same room as you.
Cover your coughs and sneezes
- Cover your mouth and nose with a tissue when you cough or sneeze.
- Cough or sneeze into your upper sleeve or elbow, not your hand.
- Throw used tissues in a lined wastebasket, and wash your hands. Lining wastebaskets with a plastic bag makes waste disposal easier and safer.
- Wash your hands after emptying wastebaskets.

Wash your hands
- Wash your hands often with soap and water.
- Dry your hands with a paper towel, or with your own cloth towel that no one else shares.
- Use an alcohol-based hand sanitizer if soap and water are not available.

Wear a mask and gloves
- Wear a mask if you must leave your house to see a health care provider.
- Wear a mask when you are within 2 metres of other people.

Learn about the virus
COVID-19 is a new virus. It spreads by respiratory droplets of an infected person to others with whom they have close contact such as people who live in the same household or provide care.
