Attention: David Szwarc, Chief Administrative Officer

Dear Mr. Szwarc:

RE: Region of Peel Council Report re: Arterial Road Rationalization - Update

I have reviewed the Agenda for the Region of Peel Council meeting scheduled for January 28, 2016 and in particular the Public Works Report regarding Arterial Road Rationalization - Update.

The report scheduled for last summer was deferred pending a workshop that occurred in late November. The Region of Peel recommendation last year was to continue to allow Peel to operate the road maintenance program by keeping an interactive portfolio of changing balance of in-house, outsourced and city/town partnerships to meet our needs. The City of Mississauga has noted a desire to eliminate the regional roads. The City of Brampton has suggested that the operations should be left to the cities, with an offsetting invoice to Peel. Caledon has taken no official position.

Town staff is concerned that further dialogue needs to transpire before a decision can be made regarding this matter. We are looking at efficiencies and examining the relationship between the Region and the Town and would recommend continuing with the status quo until such time as fuller discussions occur. We would respectfully suggest that you consider deferring the report and keeping the status quo until further talks have been completed.

We would also request that this letter, through the Regional Clerk’s Office, be added to the information package provided to Regional Council in advance of the January 28, 2016 Regional Council meeting.

Sincerely,

“Original signed by Mike Galloway”
