At Authority Meeting #5/08, of Toronto and Region Conservation Authority (TRCA), held on June 27, 2008, Resolution #A137/08, in regard to Humber River Watershed Plan: Pathways to a Healthy Humber, was unanimously approved as follows:

THAT the Humber River Watershed Plan, Pathways to a Healthy Humber, dated June 2008, be approved;

THAT staff be directed to work with partners to implement the plan;

THAT staff be directed to use the Humber River State of the Watershed Reports, Humber River Watershed Scenario Modelling and Analysis Report, Action Plan for Sustainable Practices and Humber River Watershed Plan Implementation Guide as reference documents to inform and guide ongoing work and long term work planning and budget preparation;

THAT copies of the Humber River Watershed Plan be circulated to municipalities within the Humber River watershed and their Councils be asked to adopt the plan and commit to work with the Toronto and Region Conservation Authority (TRCA) to implement the recommendations appropriate to their municipality;

THAT copies of the Humber River Watershed Plan be circulated to the Humber Watershed Alliance, provincial and federal governments as well as all other relevant organizations and interest groups and they be asked to provide ongoing support for the implementation of the principles, objectives and relevant recommendations of the plan;

THAT copies of the Humber River State of the Watershed Reports, Humber River Watershed Scenario Modelling and Analysis Report, Action Plan for Sustainable Practices and Humber River Watershed Plan Implementation Guide be circulated to watershed municipalities and made available to other partner organizations and they be encouraged to use these reference documents to inform and guide their ongoing work;

THAT copies of the Humber River Watershed Plan be circulated to local libraries and copies of the plan and all supporting documents be posted on the TRCA web site;

THAT staff be directed to work with watershed municipalities and other partners to develop five year workplans and budgets for top priority projects identified in the Humber River Watershed Plan Implementation Guide and incorporate them into the annual capital budget process;

THAT the revised Conformity Assessment for the Humber River Watershed Plan in Attachment 3 and the watershed planning documents referenced in the conformity assessment be deemed to fulfill the watershed planning requirements of the Oak Ridges Moraine Conservation Plan (ORMCP; 2002) and be approved for use in the review of major development proposals on the

Member of Conservation Ontario

## ETP-C3-2

Oak Ridges Moraine and that the regional and local municipalities, Province, and Conservation Authorities Moraine Coalition (CAMC) be so advised;

THAT staff meet with representatives of the Aboriginal community to discuss the Humber River Watershed Plan and ways they wish to be involved in its implementation:

THAT the Humber Watershed Alliance assist staff with reporting on progress in the implementation of the Humber River Watershed Plan;

AND FURTHER THAT staff convene up to 3 meetings per year with municipal staff and other stakeholder representatives from the Humber watershed, and in conjunction with other watershed groups where appropriate, to facilitate partnerships and track progress in implementation.

Enclosed for your information and any action deemed necessary is the report as presented to the Authority.

Also enclosed, please find a copy of the Humber River Watershed Plan: Pathways to a Healthy Humber. Additional copies of this publication, and the accompanying Humber River Watershed Plan Implementation Guide, are being provided to staff within your municipality. An Executive Summary booklet will also be published that contains electronic copies of the watershed plan, implementation quide and supporting technical documents. Copies of the Executive Summary booklet will be distributed separately at a later date. Electronic copies of the watershed plan, implementation guide and technical supporting documents can be downloaded from the TRCA website (www.trca.on.ca).

We look forward to working with your municipality on the implementation of this watershed plan. If you have any questions or require additional copies, please contact Gary Wilkins at (416) 661-6600 at extension 5211 (gwilkins@trca.on.ca).

Sincerely.

Brian Denney, P. Eng.
