 Subject: Bramalea City Centre opening family day?

I am a student who goes to school from 7:30 to 2:30 and than works from 4-9 at a store in Bramalea city centre. Me and my other friends who have jobs here in the mall feel the same way when it comes to the mall being opened on family day. As teenagers we feel it is hard to spend time with our families as it is with school, sports, and work. We come home from school, and on our way to work, once home from work we have to use the time we have before falling asleep to complete homework. Family day is a time where families get together and spend time with each other and the company of each other. One of my friends has family coming to visit for the day from a far place who he has not seen since he was 6. How can he put 100% effort in his job when his mind is wondering about what his family is doing and the laughs they are having. Even costumes think this is a wrong idea. They believe it might be a good idea for businesses but its not fair for the people who have to be at work.

Thank you,
 Mr.Yousif
