**2007/08 Influenza Season:**

Peel Public Health has not yet received any information regarding vaccine from the Ministry of Health and Long-Term Care for the 2007/2008 influenza season.

Peel Public Health will notify your office when this information becomes available.

**Immunization Reminder:** All school-aged children must have up to date immunizations to attend school or daycare.

When you immunize school children please remind their parents to call Peel Public Health to update their child's immunization records.

**Should you have any questions, please contact Peel Public Health at (905)799-7700.**
