

Reduce the Risk of West Nile Virus

Clean Up! Stop Mosquitoes From Breeding in Your Yard

- Recycle/dispose of unwanted containers that can hold water
- Drain pool covers
- Ensure eavestroughs, flowerpot saucers, window boxes drain properly
- Change bird bath water weekly
- Drill drainage holes in recycling/trash containers
- Turn over wheelbarrows, canoes, plastic wading pools
- Cover the top of rain barrels with a fine mesh screen
- Remove unused tires
