

Our Commitment

The Peel Heritage Complex strives to provide quality programming. All programs are designed to be 45 minutes to an hour in length. All materials are included.

In order to ensure the best experience for all, we ask you commit to the following:

- ◆ Provide a space adequate for all to see and hear the Educator
- ◆ Ensure seniors arrive ON TIME (Educators visit more than one site per day)
- ◆ Promote our program to interested seniors and ensure they are in attendance
- ◆ A staff member MUST remain in the room AT ALL TIMES
- ◆ A table for display purposes

The PHC reserves the right to discontinue presentations, if deemed necessary.

Museum Memories: January to March 2011

For over a decade, the Peel Heritage Complex has visited numerous seniors facilities and residences in the Region of Peel. Our professional Educators arrive once a month to deliver themed presentations highlighting our museum's collection. Presentations are designed to help stimulate memory and conversation.

Themes change monthly, incorporate hands-on components and offer a multi-sensory approach. PHC Educators pride themselves on developing relationships with seniors who look forward to our monthly visits.

Throughout January to March 2011, residents will experience one of the following presentations. (Your Educator will inform you of your site's unique schedule).

Please use posters (provided by your Educator) to inform residents of upcoming presentations.

Home Cookin'

Who doesn't love the smell of freshly baked bread? Or remember a child or grandchild's first birthday cake? Food is at the heart of many celebrations and traditions. Even talking about everyday pot roast can arouse the senses! From the savory to the sweet, your Educator will lead seniors through the kitchen to the table and back again! *(Note: Food not provided).*

Musical Decades: Rock 'n' Roll

Due to the success of our other Musical Decades programs, we're offering a new presentation based on good, ol' rock 'n' roll! From Fats Domino to Elvis and everything in between, this presentation will have you tapping your toes and humming along.

Kids These Days!

What is an Xbox? What does "texting" and "LOL" mean? And what on Earth is an iPad?! This program is for everyone confused by today's technology and today's kids! We hope to explore children's interests from the past and contrast it with the youth of today. Be prepared for lots of experimenting and reminiscing!
