

The 2009 Peel EcoFair is coming!

What is the Peel EcoFair?

Each spring, student groups from across Peel gather together at the Peel EcoFair in order to network, communicate and celebrate their environmental action projects. Peel EcoFair is a free, day long event, where lunch and snacks are provided.

Students will have the opportunity to present their environmental action projects to a group of their peers and to participate in outdoor, hands-on activities that focus on enhancing environmental knowledge and encouraging environmental stewardship. The Peel EcoFair aims to highlight student successes, share challenges and lessons learned, and inspire continued environmental action in the Region of Peel school communities.

Want to participate?

We are looking for teachers and students who:

- lead interesting environmental action projects in their classroom/school
- have ideas for implementing projects that will improve the local environment
- desire to network with other schools and other community organizations around environmental action projects

**The 2009 Peel EcoFair will take place on Wednesday, May 20, 2009
at Erindale Park in Mississauga.**

*For more information and application forms please visit the Peel EcoFair website
