**RE: 2023 EYCC Funding and Guideline Release for Service Providers**

Dear Service Provider,

We are writing to share information about Peel's funding approach for 2023 and the anticipated timing for when you will receive funding guidelines and GovGrants announcements.

**2023 CWELCC Funding**

- Starting January 1, 2023, you must reduce your approved base fees by 52.75%, but not less than a fee of \$12/day, for eligible children.
- Families in receipt of subsidy will receive a 50% fee reduction on their parent contribution for eligible children, even if their contribution is less than \$12/day. We will determine the reduced parent contribution for each eligible child in receipt of subsidy and will share this information with you in a consolidated report in December.
- You will receive your Fee Reduction funding in early January to seamlessly implement the program.
- We will share more information on the CWELCC Workforce Compensation to improve wages for eligible staff and the Transition Operating Grant (TOG) to support you with cost of inflation and implementing the CWELCC in January.

**General Operating Funding (GOF)**

- Funding allocations for 2022 GOF will be rolled over into 2023 to continue to support stability for staff wages and benefits.
- If you currently receive Historical Funding, your allocation will be merged with GOF-SWB funding.

**Wage Enhancement Grant (WEG)**

- To ensure continuous WEG payments beginning January 2023, you will be invited to a 2023 WEG funding opportunity that is pre-populated with your 2022 position information shortly. You will be required to submit your application back to the Region without adjustments by the deadline. We will share more information soon. Stay tuned!

**Workforce Innovation Fund (WIF)**

- Providers who received WIF in 2022 will receive their 2023 payment in February 2023. This payment will include funding to support child care fees for the Region's professional learning day.
