

# Land Use Planning

Plan and manage Peel's growth and services

# **Update**

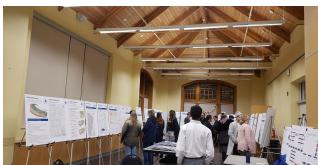

- As staff continue to assess the implications of Bill 23, the More Homes Built Faster Act, the proposed 2023 Land Use Planning Operating and Capital Budget has not been revised at this time.
- During transition, the Division continues to advance key projects to enable development in Peel to continue to progress.

### **Core Service**

- Implement the new 2051 Official Plan incorporates Provincial and local planning objectives
- Work with local municipalities to allocate growth forecasts by small geographic area to 2051
- Maintain the Growth Management Program to align the forecasted timing of growth with the provision of infrastructure to support development
- Serve as Peel's 'one window' for development application review and servicing connection requests
- Facilitate partnerships with internal and external stakeholders to develop complete healthy communities

## Interesting facts about this service

# **Business plan outlook**

#### Planning for the future

- Updating growth forecasts to reflect
   current growth trends and Bill 23
   forecasts for input into master plans
- Continue to streamline the 'one window' development application review function and processing servicing connections processes
- Review and make recommendations to Regional Council on approval of local official plan reviews and amendments based on current legislation

Focus on staff retention to continue to advance Regional planning approvals and responsibilities to enable development in Peel to progress.

## Performance measures and results

Received 796 stakeholder comments during Regional Official Plan preparation

Held 64 public engagement sessions

Reviewed and commented on 1,663 first development submissions

90% of first development submissions reviewed completed within 30-day internal service commitment
