

COVID-19

BEFORE YOU ENTER

Do you or anyone in the household have **ONE** or more of the following new or worsening symptoms?

- Fever above 37.8 degrees C or chills
- Cough
- Shortness of breath
- Decrease or loss of sense of smell or taste

Do you or anyone in the household have **TWO** or more of the following new or worsening symptoms?

- Sore throat
- Headache
- Extreme tiredness
- Runny nose or nasal congestion
- Muscle aches or joint pain
- Nausea, vomiting or diarrhea

If an individual only has **ONE** of the above symptoms, they must remain home until the symptom is improving for at least 24 hours (48 hours for any nausea, vomiting or diarrhea).

If you received a COVID-19 vaccination and/or flu shot in the last 48 hours and have a mild headache, fatigue, muscle ache and/or joint pain that only began after immunization, and no other symptoms, answer **"No"** to those questions.

Has a health care provider, public health unit, or the COVID-19 Alert app recently* told you that you should be self-isolating or staying home?

Have you recently* been identified as a "close contact" of someone who has COVID-19? If the person is not a household member and you are fully vaccinated**, answer "No".

In the last 14 days, have you or anyone in your household travelled outside of Canada AND been advised to stay home per the federal quarantine requirements?

Have you or anyone in the household recently* tested positive on a rapid antigen test or PCR test?

* **Recently** means the last 5 days if you are fully vaccinated and otherwise healthy, or are under 12 years old; or, the last 10 days if you are not fully vaccinated or if you are immunocompromised.

** **Fully vaccinated** means that you received all required doses of an approved COVID-19 vaccine at least 14 days ago. See our website for more detailed information.

If you are immunocompromised, you should isolate for 10 days, even if you are fully vaccinated.

If you have questions, speak to your healthcare provider.

DO NOT ENTER if you answered YES to any of the questions, and stay home.
