

COVID-19

Overdose Response Tips to prevent virus spread

What to do when someone has gone down

Call 911 for medical help

Wear non-latex gloves and a face covering to help

If doing CPR, provide chest compressions only, NOT rescue breaths

Immediately after

Dispose of used kit

Place used naloxone kit contents in the trash, or inside a sharps container/biohazard bin if the kit contains a needle.

Wash your hands

Wash with soap and water or clean your hands with alcohol-based hand sanitizer.
