Dear Minister Wynne:

REGION OF PEEL
CLERKS DEPT.

RE: GTA West Transportation Corridor Environmental Assessment Study – Draft Transportation Development Strategy

At the regular meeting of Council held on May 31, 2011, Council received a report regarding GTA West Transportation Corridor Environmental Assessment Study – Draft Transportation Development Strategy. The following was adopted:

That Report DP-2011-038 regarding GTA West Transportation Corridor Environmental Assessment Study – Draft Transportation Development Strategy, be received; and

That the Ontario Ministry of Transportation (MTO) be requested to refine the delineated Preliminary Route Planning Study Area to ensure that the Final Route Planning Study Area is consistent with Town's planning objectives and that it does not impact the Town's Planning Areas of Mayfield West (Phases 1 and 2) and South Albion-Bolton Proposed Employment Land Expansion as outlined on Page 5 of Report DP-2011-038; and

That the MTO be requested to consider other alternatives for the integration of Highway 410 with the new GTA West Transportation Corridor so that the approved Mayfield West development lands are not affected; and

That Council direct staff to work with the MTO and other affected jurisdictions to expedite the EA study process in order to minimize delays in advancing current and future developments within the Final Route Planning Study Area; and

That the MTO be requested to work closely with the farming community in the Town to balance the objectives of agricultural operations and long-term transportation planning goals; and

That a copy of Report DP-2011-038 and the resulting Council resolution be forwarded to the MTO, Metrolinx, the Regions of Peel, York and Halton and the Cities of Brampton, Mississauga and Vaughan and the Town of Halton Hills.

Please find attached a copy of Report DP-2011-038 which outlines the key issues for the Town of Caledon. If you have any questions regarding the report, please contact Kant Chawla, Senior Transportation Planner at kant.chawla@caledon.ca or 905-584-2272 ext: 4293.

At the same meeting, Council also received Report DP-2011-044 regarding the Designation of Land to Accommodate Forecasted Growth.

We look forward to receiving a response from you regarding our requests as outlined above.

(Copies of the Town of Caledon reports are available from the office of the Regional Clerk)
