■ Delegations

Amanjot Singh, Senior Engineer, Water and Climate Change Science, Credit Valley Conservation Authority, Presenting the Impacts of Road Salt on Water Bodies

Regional Council received a delegation from Amanjot Singh, Senior Engineer, Water and Climate Change Science, Credit Valley Conservation Authority, who reviewed the normal levels of chloride found in tap water, creek water and sea water and highlighted long-term chloride trends in Sheridan Creek, noting that chloride levels spike to ocean levels in the winter and spring which may impact sensitive species and infrastructure. Amanjot Singh presented options that could be explored to reduce the amount of salt used including parking lot redesign, ploughing/shovelling, mandatory snow/stud tires, anti-icer alternatives and state of the art technology options.

Regional Council requested that staff report back to a future meeting of Regional Council with recommendations for reducing contaminants that enter the water supply from streets.

■ Enterprise Programs and Services

Peel Region's External Client Satisfaction Survey 2017 Results

Regional Council received a presentation from Sandra Guiry, Senior Vice President, Ipsos Public Affairs and Sharla Martin, Director, Information Management, who provided an overview of the 2017 External Client Satisfaction Survey completed by 4,200 residents across 20 services. They described the drivers of client satisfaction for both transactional and relational services,

The following are decisions made by Regional Council on Thursday, February 22, 2018.

Topics in this Issue:

- [City of Mississauga Ward 1 Appointment](#)
- [Amanjot Singh, Senior Engineer, Water and Climate Change Science, Credit Valley Conservation Authority, Presenting the Impacts of Road Salt on Water Bodies](#)
- [Peel Region's External Client Satisfaction Survey 2017 Results](#)
- [Sustainable Transportation Strategy and Five-Year Implementation Plans](#)

■ City of Mississauga Ward 1 Appointment

Acting City of Mississauga Mayor Ras introduced David Cook, the newly appointed Councillor for Ward 1. Councillor Cook previously served Ward 7 for three terms and is a longtime resident of Ward 1.

Regional Council appointed members of Council to the following committees and local boards for the term ending November 30, 2018 unless otherwise noted, to fill vacancies resulting from the passing of Councillor Jim Tovey.

Growth Management Committee – Councillor Carlson
Government Relations Committee – Councillor Cook
Hanlan Feedermain and Mississauga City Centre Subtransmission Main Advisory Group –

and the primary channels of contact with the Region of Peel, including website access, telephone and in person.

The survey results revealed a move towards accessing services online and that drivers of satisfaction for web services are different compared to traditional telephone and in person channels.

Survey results will be used to inform development and implementation of service specific initiatives and the implementation of the Region of Peel’s Communication Strategy and Digital Strategy.

Public Works

Sustainable Transportation Strategy and Five-Year Implementation Plans

Regional Council approved the Region of Peel’s Sustainable Transportation Strategy (the Strategy) and its associated five-year implementation plans. The Strategy is an action plan that outlines the Region of Peel’s roles and responsibilities to significantly increase the proportion of trips made by sustainable modes of transportation, such as walking, cycling, transit, carpooling and trips avoided through teleworking.

More than 50 actions are included in the Strategy and are operationalized in the Active Transportation and the Transportation Demand Management Five-Year Implementation Plans. The actions will improve mobility, community health, the natural environment, and transportation system performance.

The appropriate allocation of funding sources to implement the Strategy will be presented through the 2018 Development Charges Background Study and the annual budgeting process.

The Strategy was developed in consultation with local municipalities and a broad range of stakeholders and will allow staff and partners to effectively deliver on the Region of Peel’s *Community for Life* vision, to create a community that is more environmentally friendly, healthier, and considers the long-term benefits for current and future generations.
