Note: This figure provides historical information for the specified period. 1971-2016 population, household, and employment figures are rounded to the nearest hundred. 2021-2031 forecasts are rounded to the nearest thousand.

1971 and 1981 population figures include Ontario gross census undercoverage rates of 1.68% and 1.94% respectively. 1991-2001 population figures include Peel Region net census undercoverage rates (1991=3.39%, 1996=2.99%, 2001=4.2%). To be consistent with Places to Grow forecasts, the 2001 net undercoverage rate for Peel Region was applied to 2006, 2021 and 2031 population figures. The net undercoverage rate for 2011 is 3.94% and the net undercoverage rate for 2016 is 3.26%.

1971 and 1981 employment figures do not take into account "no fixed place of work". 1991-2006 employment figures include "no fixed place of work" as per a formula created by Hemson Consulting.

Regional staff, in cooperation with area municipal staff, adjusted the area municipal forecasts. Adjustments are described in the discussion paper titled "Places to Prosper".
