

APPENDIX III

2041 Projected Combined Gross Density by Planning Community Area in Peel Provisional Scenario

Community Areas C21, C31 and C33 represent future DGA lands for the purpose of testing servicing costs. Actual amount and locations of these communities must be determined through a full MCR process. For the purpose of consistency, this map shows a combine gross density accross the entire Region. The Growth Plan requires to apply environmental and non-environmental take-outs within the DGA. The densities within the DGA should be mapped separately.
