What is a Census Family?

A married or common law couple (same sex included) and their children, if any, of either or both partners. Lone parents living with at least one child and children living with grandparents, with no parents present, are also census families. Children may be by birth, marriage or adoption as long as they live in the same dwelling and do not have a spouse or child living in that dwelling.

Share of Housing in Peel by Structural Type of Dwelling for the Area Municipalities 2011

Living Arrangements in GTA 2006-2011
