**PROJECT UPDATE
NOISE BYLAW EXTENSION
TWINNING OF THE WEST TRUNK SEWER - CONTRACT 1**

The Region of Peel is constructing a large diameter sanitary sewer in a tunnel along Erin Mills Parkway, Argentia Road and Creditview Road.

This work is to provide sanitary sewer (wastewater) services to support development and growth. Wastewater comes from flushing toilets, having a shower or washing dishes. Sanitary sewer pipes take wastewater from homes or businesses to a treatment plant.

NOISE BYLAW EXEMPTION

A noise bylaw exemption to extend the normal working hours from 7 p.m. to midnight at the construction compounds located at the southeast corner of Mississauga Road and Argentia Road, and the north side of Argentia Road (east of the railway tracks) has been given by the City of Mississauga. These extended hours will allow for a two-shift operation to help reduce the length of construction, which is expected to last till December 2018.

PROJECT UPDATES

The Region of Peel is committed to keeping you informed and ensuring that the work is carried out with minimum disruption. If there are substantial changes in the project scope or schedule, we will provide you with further updates.

CONTACT

The Region encourages you to notify us if you have special requirements, or if you have any comments or issues.
