Region of Peel Project 12-1345 M (Watermain); 16-2121 (Sanitary Sewer)
City of Mississauga Project 17-111-15132

CONSTRUCTION UPDATE

WATERMAIN, SANITARY SEWER AND STORM TRUNK SEWER REPLACEMENT ELM DRIVE CITY OF MISSISSAUGA

What are we doing?

- Three projects are being done in the area:
 - Region of Peel: **Watermain** Replacement: ongoing.
 - City of Mississauga: Emergency **Storm Trunk Sewer** Replacement: ongoing.
 - Region of Peel: **Sanitary Sewer** Replacement on Elm Drive East: upcoming.

What does this mean for you?

- **Traffic** on Elm Drive will be affected until late summer while we complete the watermain and sanitary sewer projects.
- **MiWay** Routes 3 Bloor and 8 Cawthra will continue to be diverted during construction. Please visit miway.ca/alerts for more information.
- We will have to **interrupt your water supply** when we transfer your service to the new watermain. It is our goal to let you know 48 hours (2 days) before the interruption. Occasionally, we may have to reduce this notice to 24 hours.
- **Work on the sanitary sewer on Elm Drive East** is expected to start in July. We will deliver a notice to you about the work closer to construction.

Why is work taking so long?

- The City of Mississauga encountered unforeseen utility conflicts when constructing the storm trunk sewer and needed to move or adjust these utilities.
- We found that the existing watermain on Mississauga Valley Boulevard needed repairs.

What work is being done now?

- The City of Mississauga is continuing with the replacement / construction of the storm trunk sewer.
- The Region of Peel is installing the watermain on Hurontario Street between Fairview Road and Elm Drive. It is necessary to use Elm Drive west of Obelisk Way as a storage area for construction material and equipment.

What work is scheduled?

- Complete storm trunk sewer construction: April 2016
- Start restoration work on private lands: May 2016
- Complete watermain installation: June 2016
- Reinstate and open Elm Street (Obelisk Way to Mississauga Valley Boulevard) and Obelisk Way: June 2016
- Start sanitary sewer installation on Elm Drive East (Hurontario Street to Obelisk Way): July 2016
- Please note that all dates are subject to change.

Who can you call for more information?

Heather Jefferson	Watermain / Sanitary Sewer	905-791-7800 ext. 7881 heather.jefferson@peelregion.ca
Dominic Galati	Storm Sewer	905-615-3200 ext. 5792 domenic.galati@mississauga.ca

We understand that these projects may have caused you some inconvenience, and thank you for your continued patience. If there are any changes to our plans, we will let you know.

Heather Jefferson
Project Manager
Region of Peel
