Project 09-1390

PROJECT UPDATE
RESTORATION FOLLOWING WATERMAIN REPLACEMENT AND IMPROVEMENT
QUEEN STREET SOUTH, OLD STATION ROAD AND REID DRIVE
CITY OF MISSISSAUGA

What are we doing?

- Finishing reinstatement of driveways, sod, and project deficiencies following the replacement of the watermain and services along Queen Street South, Old Station Road and Reid Drive in Mississauga.

Why?

- To finish completion of restoration following upgrade of the water distribution system.

When?

- The restoration and deficiency work will commence the week of October 22, 2018.

Pacific Paving Ltd.		
Pacific Paving will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Bishal Shrestha	Site Coordinator	(416) 435-9026

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.

Replacing and Taking Care of Your Sod

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.

- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Nicole Sartor, P. Eng.
Project Manager
