

March 5, 2020  
Project 13-1347 B

**NIGHT WORK  
SPEAKMAN DRIVE FROM 2210 SPEAKMAN DRIVE TO HADWEN ROAD  
AND HADWEN ROAD TO FLAVELLE BOULEVARD NORTH  
CITY OF MISSISSAUGA**

### What are we doing?

- Installing a new watermain along Speakman Drive between 2210 Speakman Drive and Flavelle Boulevard North.

### When?

- Work will start **on or about March 9, 2020** and take approximately **eight weeks** to complete.
- We are working at night in two places on Speakman Drive:
  - 2210 Speakman Drive to Hadwen Road: between **7 p.m. and 7 a.m.** the next day
  - Hadwen Road to Flavelle Boulevard North: between **8 p.m. and 6 a.m.** the next day

### Why at night?

- We are working at night to reduce traffic disruption on Speakman Drive during the day.
- As we are working directly in front of the access to Olive Grove School, we must work at night to allow student access to the property.

### What does this mean for you?

- We will do our best to reduce construction noise at night, but you may hear some minor noise from time to time.
- **Speakman Drive lane reductions at night** (see attached sketches):
  - 2210 Speakman Drive to Hadwen Road: reduced to one lane at night; reopened during the day.
  - Hadwen Road to Olive Grove School entrance: Speakman Drive will be closed at night, but local access will be maintained within the work zone; the road will be reopened during the day.
- Through traffic between Hadwen Road and Flavelle Boulevard North must use the posted detour around the work zone at night during construction; however, local access will be maintained for the businesses.

We appreciate your co-operation during the completion of work and apologize in advance for any inconvenience.

If you have any questions, please call me at 905-791-7800 x 7832 or email me at [nicole.sartor@peelregion.ca](mailto:nicole.sartor@peelregion.ca).
