

February 14, 2019
Project 13-1347 B

**EXTENSION OF NIGHT WORK TO MARCH 15
SPEAKMAN DRIVE FROM FLAVELLE BOULEVARD NORTH TO HADWEN ROAD
CITY OF MISSISSAUGA**

What are we doing?

- We are installing a new watermain along Speakman Drive between Flavelle Boulevard North and Hadwen Road at night between the hours of 7 pm and 7 am the next day.
- Speakman Drive is reduced to one lane in the work zone (see attached sketch). Speakman Drive will be fully open during the day.

Why at night?

- This work is being carried out at night to minimize the disruption to cars entering and exiting the Olive Grove School property.

When?

- Due to inclement weather and challenging watermain construction, **the night work will continue until March 15, 2019**. The work will continue to be carried out between 7 pm and 7 am. We will also work during the day, but the Contractor will accommodate traffic between 7 am and 7 pm.

What does this mean for you?

- While efforts will be made to reduce construction noise at night, you may experience some minor noise from time to time.
- Motorists may continue to use Speakman Drive at night during construction; however, please note that Speakman Drive will be reduced to one lane in the work zone. Should you need to travel on Speakman Drive at night, please reduce your speed and drive carefully through the construction zone.

We appreciate your co-operation during the completion of work and apologize in advance for any inconvenience.

If you have any questions, please call me at 905-791-7800 x 7832 or email me at nicole.sartor@peelregion.ca.

Thank you!
