

# Burnhamthorpe Water Project

# What's New?

July 31, 2020

## Compound at Burnhamthorpe Road and Central Parkway

### Working Hours: August – December 2020

We are installing the pipes for the 1500mm (5 feet) diameter watermain under Burnhamthorpe Road.

Starting in early August, we will **work 24 hours** a day for 4 months:

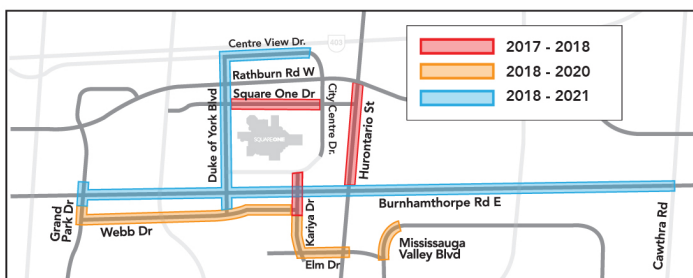

- Monday at 7 a.m. to Saturday at 7 a.m.
- This work will take place in two blocks: we shall work 24 hours for two months; work single-shift for a few weeks; then return to 24 hour-work for the final two months.

### Minimising the impact to you:

- **Lights** will be directed away from neighbouring condominiums.
- There will be some **noise** from construction equipment, but **we will do everything possible to keep the noise to a minimum.**

### Why must we work at night?

- We must work 24 hours a day to complete our work before the LRT project starts in central Mississauga.
- We apologise for any noise or disruption while we complete this necessary work.
