Project 17-1390S F

WATERMAIN REPLACEMENT AND IMPROVEMENT FORESTWOOD DRIVE CITY OF MISSISSAUGA

What are we doing?

- Temporarily reinstating driveways, curbs and paving the watermain trench following the replacement of the watermain along Forestwood Drive
- Permanently restoring sod and sidewalks

When?

- We expect to start work on or about late April, 2018
- The project should be completed June, 2018

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Adam Morrin	Project Manager	905-791-7800, ext. 7825
Gus Afuwape	Inspector	905-791-7800, ext. 3246
Pentad Construction		
Pentad Construction will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Vince Giorgio	Project Manager	1-905-951-1552 ext. 1

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

Repairing Your Driveway

- The City of Mississauga has recently scheduled Forestwood Drive for Roadway Rehabilitation in 2019 pending Council approval. During Roadway Rehabilitation works, a portion of most driveways will be disturbed again along the curb.
- A temporary asphalt patch was installed by our watermain contractor last year. This will remain in place until 2019 and will be topped up this spring if required. Following the City of Mississauga's work your driveway will be replaced in the disturbed area from edge to edge across the driveway.
- If we damaged a portion of your **interlock driveway**, our contractor will fully reinstate to ensure driveway material is secured until the City of Mississauga commences their works.
- For further information on the City's Road Reconstruction Project, please contact Dagmar Chang, Capital Project Manager, at 905-615-3200 ext. 5184
- We will repair your driveway as soon as we can, but there may be a short delay.

Repairing the Road, Driveway Aprons, Curbs, and Sidewalks

- All sections of curbs impacted by the watermain construction shall be temporarily restored by the Region with asphalt curbs this year. The City of Mississauga shall restore them with permanent concrete curbs as part of their works.
- All sidewalk bays impacted by the watermain construction shall be permanently restored this year.
- The impacted roadway in your neighborhood will be restored with new asphalt over the watermain trench width only.
- As part of the overall improvement in your neighborhood, the City of Mississauga shall resurface your street as part of their road resurfacing program, scheduled in 2019.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Adam Morrin
Project Manager
