Project 17-1310 A

PROJECT UPDATE WATERMAIN REPLACEMENT AND IMPROVEMENT MORNING STAR DRIVE AND LANCASTER AVENUE CITY OF MISSISSAUGA

Update

- The new watermain on Morning Star Drive has now been installed. The next phase is to commission the watermain and put it into service. Properties on Morning Star Drive will now have their individual water lines transferred from the old watermain to the new watermain.
- A new water service line will be brought up to the property line where a new water service box will also be installed. Where possible your water line will be brought up to the property line using trenchless methods. However, **the area around the water service box will be excavated.**

A larger, interactive version of this picture can be found at peelregion.ca/pw/water/rates/waterbills/yourhome/responsibilities.htm

When?

- We expect to start water service connections work on or about August 15, 2018.
- Work on Morning Star Drive between Goreway Drive and Corliss Crescent will be prioritized to minimize impacts to local area schools. This area should be completed by August 31, 2018.
- The whole project should be completed before November 2018. All work is under warranty for two years from the completion date.
- We will start restoring the road when all water system replacements and transfers are complete, and as weather permits.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Scott Durdle	Project Manager	905-791-7800, ext. 5052
Joseph Vivilecchia	Construction Inspector	905-791-7800, ext. 3246
London Excavators & Trucking Ltd.		
London Excavators & Trucking Ltd. will do the work, under contract to the Region of Peel		
Contact Person	Contact Person	Telephone Number
Massimo Sansone	Project Manager	416-247-6601
Frank Carelli	Site Superintendent	416-247-6601

Working Hours

- Our contractor's normal working hours are from 7 a.m. to 7 p.m. These hours are consistent with the local municipality's bylaws. We understand this may cause some inconvenience, but a shorter working day would mean the project would take longer to complete.
- Work on Saturdays starting at 9 a.m. may be necessary to complete water service connections and restoration before school resumes.

Interrupting Your Water Supply

- It is our goal to let you know 48 hours (2 days) in advance if we need to shut off your water. Occasionally, we may have to reduce this notice to 24 hours.
- If we have to shut off your water because of an emergency, we will do everything we can to fix the problem as quickly as possible.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any concerns or special needs.

How Did We Do?

- After we've finished, we will give you a postage-paid card for you to rate our work.
- Please complete the card and mail it back to us.

Thank you!

Scott Durdle
Project Manager
