Project 19-1310C

**PROJECT UPDATE
WATERMAIN REPLACEMENT AND IMPROVEMENT
MEYERSIDE DRIVE
CITY OF MISSISSAUGA**

Update

- The new watermains on Meyerside Drive from Netherhart Road to Bonhill Road have now been installed. The next phase is to commission the watermains and put them into service. Properties on this section of Meyerside Drive will now have their individual water lines transferred from the old watermains to the new watermains.
- A new water service line will be brought up to the property line where a new water service box will also be installed.

When?

- We expect to start work on or about May 19, 2020, starting from Bonhill Road and moving easterly towards Netherhart Road.
- The project should be completed before December 2020. All work is under warranty for two years from the completion date.
- We will start restoring the road when all water system replacements and transfers are complete, and as weather permits.

Construction statement regarding COVID-19

Critical infrastructure construction is an essential service. We're keeping employees, contractors and the community safe by complying with [provincial guidelines](#), physical distancing, using personal protective equipment, and adjusting work schedules and shifts.

Construction project updates can be found at peelregion.ca/construction.
Follow [Peel Public Works on Twitter](#) for service updates and changes.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Osama Alfalahi Fidel Sannella	Project Manager Inspector	905-791-7800, ext. 7471 905-791-7800, ext. 3246
Lancorp Construction Co. Ltd.		
Lancorp Construction Co. Ltd. will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Eliseo Lancione Tony Voucolo	President Project Manager	905-660-0778 905-660-0778

Working Hours

- Our contractor's normal working hours are from 7 a.m. to 7 p.m. These hours are consistent with the local municipality's bylaws. We understand this may cause some inconvenience, but a shorter working day would mean the project would take longer to complete.

Interrupting Your Water Supply

- It is our goal to let you know 48 hours (2 days) in advance if we plan to shut off your water for an **extended period** (several hours). Occasionally, we may have to reduce this notice to 24 hours.
- On the day we connect your water service to the new watermain, the contractor will let you know that your water will be shut off for a **brief period**. This will ensure proper notification for short duration works.
- If we must shut off your water because of an emergency, we will do everything we can to fix the problem as quickly as possible.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any concerns or special needs.

How Did We Do?

- After we've finished, we will give you a postage-paid card for you to rate our work.
- Please complete the card and mail it back to us.

Thank you!

Osama Alfalahi
Project Manager
